

Welcome and thank you for choosing Carolina Women's Physicians, PA as your health care provider.

In an effort to provide you the best care possible, we ask that you complete the attached patient demographic, office policy, and record release forms and return them to our office as soon as possible via mail, fax or in person. This will allow us to verify your health insurance benefits and obtain your medical records before your visit. If we do not have your records before the day of your visit, your appointment will be rescheduled. We also request that you bring an updated insurance card, photo identification, medication list including dosages, and a list of questions or concerns that you may have for your provider to your appointment.

If you have any questions or concerns, please contact our office at **252.355.7805** and we will be glad to assist you.

Sincerely,

Carolina Women's Physicians, PA
